When Airbus introduced the A320, Boeing hit back with the 737 Next Generation launched in 1991. This aircraft uses the same engines as the classic but has aerodynamic refinements. The other main change was the introduction of an LCD cockpit. The first aircraft, a -700 first flew on 9th February 1997. The -700 has a passenger capacity of 149.

Boeing 737 family Cockpit Posters - printed and downloads

"The aircraft certification rules are the same—Part 25," he notes, so the certification effort on the BBJ should transfer easily to the 737NG. The plan is to display the EVS imagery not only on the HGS for the pilot but also on one of the six Honeywell cockpit displays (the one on the pedestal so the copilot also can see the Flir imagery).

B737 Archive - Opencockpits

boeing 737-800 cockpit All the work on the fuselage and engines had removed many of the panel lines. On a model in this scale, not much should be visible anyway, but with panel lines on some areas whilst other areas were devoid of any lines, it would not look so good, so I carefully rescribed most of the lines, trying to get them as delicate as possible.

Boeing 737-800 jet | ☐ [Model Scale]

The Boeing 737-800 is a stretched version of the 737-700. It replaced the 737-400. The Boeing 737-800 competes primarily with the Airbus A320. The 737-800 seats 162 passengers in a two-class layout or 189 passengers in a one-class layout. The 737-800 was launched on September 5, 1994.
